MEW RACING CAR IS ENTERED IN CONTEST

INDIANAPOLIS, Dec. 31.-(Spevial.) - A "Reaver Bullet" manufactured by the Beaver Automobile company of Beaver Falls .Pa., has been entered in the next flve-hundred mile race on the motor speedway here next May. The firm is a new one that plans to estbalish itself. as did Stutz, through participation in the racing game. Its car will be one of the fastest in recent years, it is said, carrying a motor just under the speedway piston displacement limits. No driver has been named as yet.

The entry of the Beaver marks the tifth to be received to date, the Anel. sponsored by Horace Thomson, of Battle Creek, Mich., two Stutzes, and a Gray Fox, nominated by Frank P. Pox of this city, comprising the others. This is a greater number than has ever been at hand previously during this time of the year, indicating it is held, a greater interest in the game among participants than ever

There is a possibility, however, that one of the above named cars, the Anel, may cheat the speedway out of an additional entry. Plans have been consummated, it is said, to place Bob Burman in the saddle, letting him built it to suit himself. In that case its name will probably be changed to "Burman Special," or some other more significant title, it thought. Originally Burman had planned to enter independently.

Word has been received from England that Harry Grant, who competed last year in an Isotta, has purchased two Sunbeams for entry here, together with a chap named Markle, formerly mecanician to the late Louis Strang. Grant, it is known, recently journeyed to Europe for this express purpose. He is being backed by W. Ziegler, Jr., a Boston miltionaire, who has always been one of Grant's most loyal admirers. The two new filers are exp'ected effectualby to wipe out all of last season's unpleasant memories.

Several other foreign entries are also reported to be brewing, according to a group of American motor experts who recently returned from abroad, among them Spencer Wishart, the Mercer crack, who been visiting his people in London. Official entry of an additional Sunbeam, to be piloted either by Chaseagne, holder of the world's hour record, or Resta, another famous European driver. Is thus said to be contemplated, as is a pair by the Peugeot factory, in Goux and Boillot, France's almost unbeatable team. Outside of that there is a possibility of the Vauxhall, another English car, coming in, while Guyot is figuring on bringing over a Delage. Three Merwedes are also said to be building.

An exhibition of temper is a free show that isnt worth the price.
